## Shoreline Master Program Update

### Project Update

Review of the Shoreline Inventory and Analysis (and related documents) began in November. Two workshops were held with the Planning Commission as part of this review. On November 12, the workshop included an overview of the information in the Shoreline Inventory and looked ahead at key regulatory issues. At the December 10 workshop, the focus was on Lake Washington's ecological opportunities and constraints. Participants discussed information about the Lake's ecology, surrounding land uses, public access, and opportunities for restoration.

### Project Timeline

- Establish Public Participation Plan- *completed April 2008*
- Conduct Shoreline Inventory and Analysis- *completed October 2008*
- Review Shoreline Inventory and Assess Options- *to be completed January 2009*
- Review Shoreline Policies- *to begin January 2009*
- Review Shoreline Regulations- *to begin June 2009*
- Final Shoreline Master Program Adoption- *end of 2009*

### Comments

Comments and questions are accepted throughout the Shoreline Master Program update. Written comments may be sent to the project manager by post or email. Verbal and written comments are accepted at every Planning Commission workshop. **Comments on the Shoreline Inventory and Characterization, or any of the supporting technical memos, should be submitted by January 21, 2009.**

### Upcoming Meetings

The following Planning Commission workshops take place at 6:00 p.m. in the Council Chambers of City Hall.

**January 14, 2009-** Ecological Opportunities and Constraints for the Cedar River, Green River, Black River/Springbrook Creek, May Creek, and Lake Desire

**January 28, 2009-** Shoreline Policy Issues

**February 11, 2009-** Shoreline Policy Issues
